

## AMTNYS Summer Math Institute Wells College, Aurora, NY August 2 - 6, 2009

**What makes the Summer Math Institute so special?**

- a) Spending time with other math educators
  - b) There are no lesson plans to leave
  - c) The picnic, the banquet, and the ice cream social
  - d) The sessions are small and full of great information
  - e) The keynote and banquet addresses
  - f) Puzzle night—stretch your mind!
- (Answer: all of the above)

### **Banquet Speaker**

#### **Eric O'Brien**

Eric is a 6th grade teacher in Bellmore, New York and a coordinator at the Creative Problem Solving Institute @ SUNY Old Westbury. He is a dynamic speaker and will have you laughing and thinking about teaching mathematics. His insights are amazing.

### **Keynote Address**

#### **Tom Chapin**

Grammy Award-winning American musician, entertainer, singer-songwriter and storyteller.

A product of New York public schools Tom has great insight into what teaching and learning are all about. His music includes songs about ecology, testing, and going to school. One of his latest recordings can be found at

Wells College is located on beautiful Cayuga Lake, the longest of New York State's Fingerlakes. During your free time you can: Play golf on the college's own 9 hole golf course, play tennis, take a boat ride, or tour one of the following:

- Cayuga Lake wineries.
- The Harriet Tubman Home
- Willard Chapel design by Louis Comfort Tiffany
- Moosewood Restaurant
- Women's Rights National Historical Park
- Ithaca's Science Center
- Corning Museum of Glass

Interact with math teachers from across the state. Learn from some of the best. New York has some of the finest presenters in the country. Take home great ideas for teaching. Participate in our puzzle night. Stay on campus, relax and learn. We have sessions for all levels of math educators.

**This is the best professional development opportunity in New York State this summer. Don't miss it!**
